

Application for Exemption – Land Owned by Societies, Clubs and Associations

Note:

- Please read the explanatory notes below before completing this form
- Before lodging, remove this page and keep for your reference

Explanatory notes

Land containing a building used for a society, club or association is exempt from land tax provided:

- a society, club or association is not carried on for the pecuniary profit of its members
 - no part of the building is used for the purpose of a **commercial activity** open to members of the public
- The land may include car parks solely used by the members of the society, club or association.

Note: Land may also be exempt where the land is used primarily for the purposes of any game or sport.

Land partially used for commercial purposes

Where a building used by a society, club or association is partly used or occupied (or intended to be partly used and occupied) by another person or body, this portion of the building **will not be exempt** from land tax.

The non-exempt land value will be determined by calculating the proportion that the rental value of the non-exempt part bears to the total rental value of the building.

Note: Where the club has bistros or restaurants within the club premises which are operated by someone other than the club, you may still be eligible for a full exemption from land tax. A full exemption still applies providing the services are **only** available to members of the club.

Supporting evidence required

To support your claim for exemption you must provide the Office of State Revenue with the following documents:

- copy of the trust deed (where land is held in trust)
- copy of the constitution and/or copy of the memorandum and articles of association and any amendments
- the society, club or association's financial statements for the last two years
- the latest annual report.
